

Do you have  
a great idea  
or project and  
need support?

## Join our student incubator programme!

Are you a Bachelor, Master or PhD student from one of the smart living lab's partner universities (EPFL, HEIA-FR, UNIFR) with a unique and creative idea about customers' future living requirements? If yes, join our student incubator programme supported by Baloise Group!

The smart living lab is a research and development center for the built environment of the future whose aim is to achieve energy efficiency, digital transformation, and the well-being of its users.

Win up to 5000.- CHF, of which 1000.- CHF is a discretionary grant, as well as expert coaching helping you to realize your idea in this field!

Find out more about the programme and learn how to join at [www.smartlivinglab.ch](http://www.smartlivinglab.ch) or contact us at [incubator@smartlivinglab.ch](mailto:incubator@smartlivinglab.ch).
